

March 13, 2020

Walton-Verona Parents,

As you are aware, we are utilizing Non-Traditional Instruction (NTI) days from Tuesday, March 17th through at least Friday, March 27th. During this time, we want to ensure that our students who qualify for free or reduced-price meals are eating. If you are interested in receiving meals for your child, please call 859-485-4181, option 4 during normal business hours. If you cannot call during normal business hours, you can also send your request via email to the following address: wvmeals@wv.kyschools.us

Whether you call the number above or send an email, please be sure to leave the following information:

- student's name
- parent's name
- address for meal delivery (must be within the Walton-Verona Independent School District)
- phone number for a return call

Please understand that this is a program that you are enrolling in and once enrolled, we will deliver meals each weekday between 11:00 AM and 12:30 PM starting Tuesday, March 17th and continuing for as long as we are utilizing NTI days. You will receive a lunch for the day of the delivery and cold breakfast for the following day. There will be one delivery each day with these two meals. If you wish for deliveries to stop, you will need to contact us at the phone number or email address listed above.

We hope that this measure will help ease the burden that these difficult times have placed on our families. Please feel free to contact us with questions or concerns.

Sincerely,

Matt Baker

Dr. Matt Baker
